DETAILED ACTION

1. Applicant's amendment filed 8/9/04 has been entered and made of record.
2. Claims 4-5, 9, 13-15, 17-18, and 20 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 4, the Applicant's admitted prior art does not teach the features of "wherein said sorting and prioritizing of said digital image data comprises shifting bits of transform coefficients corresponding to the digital image data by a predetermined amount, said predetermined amount corresponding to a desired scale-up rate for reconstruction of the regions of interest."

Regarding claims 5, 9, and 13, the Applicant admitted prior art does not teach a method for encoding and decoding an image comprising the features of: modifying the sorting of the digital image based upon the selected regions of interest, wherein digital image data corresponding to the region of interested is sorted and prioritized to have a higher priority than the digital image data corresponding to areas outside of the region of interest and in combination with other features recited in claim. Dependent claims 17-18 and 20 are also allowed for the same reasons as above.

Regarding claim 14, the Applicant's admitted prior art does not teach the features of: modifying the sorting of the digital image based upon the selected regions of interest, wherein digital image data corresponding to the region of interested is sorted and prioritized to have a higher priority than the digital image data corresponding to areas outside of the region of interest and in combination with other features recited in claim.

Art Unit: 2621

Regarding claim 15, the Applicant's admitted prior art does not teach the features wherein the regions of interest is reconstructed at a faster rate than the digital image data corresponding to areas outside of the regions of interest, said faster rate being provided by said sorting and prioritizing of said digital image data corresponding to the region of interest.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
